## D303 Suicide Prevention Summit Continues

3rd Session Topics: Available Community Services and Community Issues

May 28, 2009

St. Charles Community Unit School District 303 is inviting the community to gather for the third session of the Summit on Suicide Prevention. The session will take place on Wed., June 3 from 7-9 p.m. in the Summit Room at Charlestowne Mall.

The featured presenter at the June 3 session will be Stephanie Weber of Suicide Prevention Services of Batavia. Mrs. Weber will discuss the services available in the community seeking to provide intervention. This information is especially timely with the end of the school year coming in less than two weeks.

Additionally, a panel of community leaders will provide their perspectives on mental health issues that impact adolescents. These leaders come from the mental health profession, the faith community and law enforcement. In addition, the panel will include experts on how available technology can increase the issues adolescents face each day.

One additional meeting date remains on June 10. The Summit Room is located on the lower level of the Charlestowne Mall just inside the Theater Entrance. Community members attending the Summit will view a presentation before taking part in small group, problem-solving sessions. The Summit on Suicide Prevention is open to all members of the community; students are especially encouraged to attend.

Community members who are planning to attend can RSVP by visiting [www.d303.org](http://www.d303.org). However, an RSVP is not required to attend this Summit session.
